EDUCATION

Comilla University, Cumilla, Bangladesh — *B.Sc. Engineering in Information and Communication Technology*

January 2019 - present

PERSONAL PROJECTS

Own Portfolio Site - [**Github**] [**Live**]

Tech Stack: **Nextjs, Typescript, Material UI**

- Tried to do the project in a structured way and clean UI.
- Dark mode, page animation implemented.
- Made SEO friendly.

E-Commerce App - [**Github**] [**Live**]

Tech Stack: **React, MaterialUI, CommerceJs**

- The products, order, customer and overall backend is handled by CommerceJs headless API.
- Tried to implement the simple authentication, cart and payment system with the help of API and stripe.
- Handled state with useState and useContext hooks.
- Used NextJs for file based routing systems and tried to add almost every necessary component of the MUI framework.
- In this project, I have mainly focused on functionality of the application, specially API.

Chat Room - [**Github**]

Tech Stack: **React, NodeJs, ExpressJs, Socket.io**

- Socket.io for real time data sharing.
- Fixed CORS issues.
- Separated data sharing by room id.

SKILLS

Core :
React, NextJs, SASS, MaterialUI, Bootstrap, Git

Languages :
Javascript, Typescript, C++, HTML, CSS, C, Java

Familiar with :
Nodejs, ExpressJs, MongoDB, React-Native, TailwindCSS

PROBLEM SOLVING

Codeforces - Solved 300+ problems and participated in 40+ contests

Leetcode - Solved 50+ problems with specified data structure and algorithm.

Others - Solved problems in codechef, atcoder, hackerrank, lightOJ, codewars, dimikOJ and participated in 5+ onsite contests.
